Monthly Assessment - Grade 10

Prepared by - Evon Aravinda

Answer all questions.

Part 2

(1) . The main livelihood of people who lived in " *Thiruwana Thatiya*" of Ratnapura District is gem mining. In addition to this some people are engaged in the brick industry and fisheries (in internal reservoirs). Later on a garment factory and a furniture manufacturing plant were also established due to the improved roads and infrastructure facilities. Different trade shops were opened in this area which is located 2-3 kms away from the city of Ratnapura. Banking, Insurance and communication facilities were also emerged in this area. Transportation was also developed as people travelled to satisfy their various needs.

(i) Briefly define the term "Production" and name the main three elements of production.
